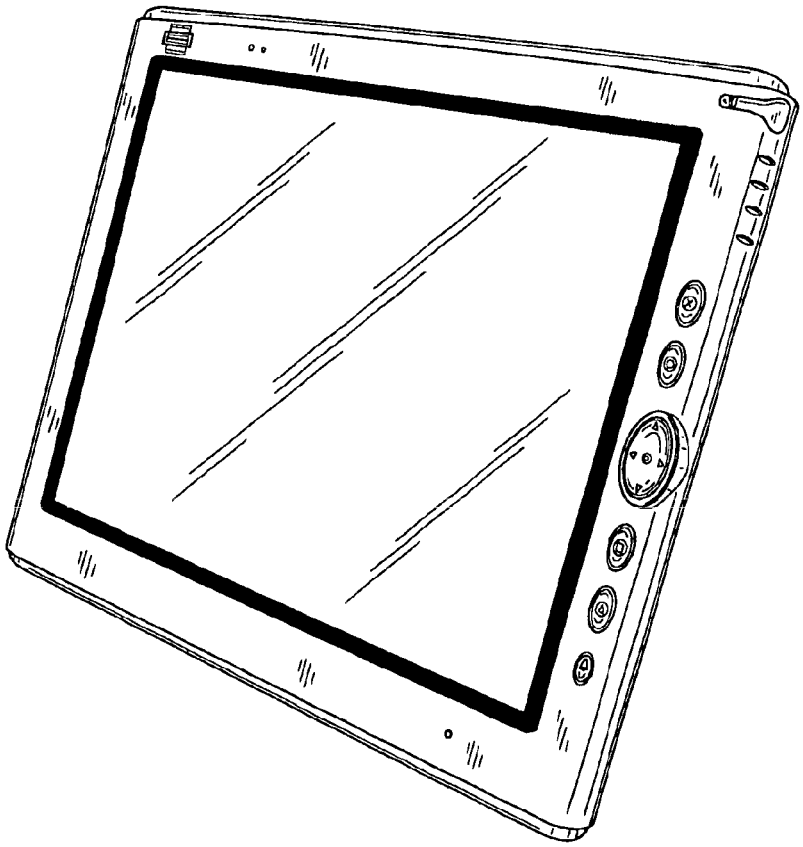
(57) **CLAIM**

The ornamental design for a tablet personal computer, as shown and described.

DESCRIPTION

FIG. **1** provides a front perspective view of the tablet personal computer provided by the invention;
FIG. **2** provides a front planar view of the tablet personal computer provided by the invention.
FIG. **3** provides a rear planar view of one embodiment of the tablet personal computer of the present invention.
FIG. **4** provides a top planar view of one embodiment of the tablet personal computer of the present invention.
FIG. **5** provides a bottom planar view of one embodiment of the tablet personal computer of the present invention.
FIG. **6** provides a left planar view of one embodiment of the tablet personal computer of the present invention; and,
FIG. **7** provides a right planar view of one embodiment of the tablet personal computer of the present invention.


1 Claim, 5 Drawing Sheets
