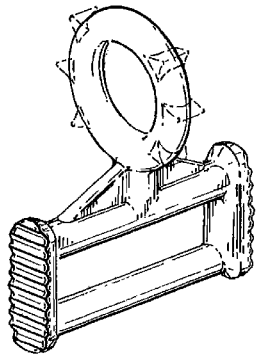
(57) **CLAIM**

The ornamental design for a buckle portion, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view of a buckle portion constructed according to the principles of the present invention;
FIG. **2** is a front view of the buckle portion shown in FIG. **1**;
FIG. **3** is a left side view of the buckle portion shown in FIG. **1**;
FIG. **4** is a top view of the buckle portion shown in FIG. **1**; and,
FIG. **5** is a bottom view of the buckle portion shown in FIG. **1**.
The right side is a mirror image of the left side; and The rear side is a mirror image of the front side.
The broken lines showing portions of the buckle portion are for the purpose of illustrating portions that form no part of the claimed design.


1 Claim, 2 Drawing Sheets
