Viruses
Parasites
Pyrogens
Other Antigens
Macrophage and Neutrophils
Activating proteins
Osteoblasts
Endothelial cells
Chondrocytes
Synoviocytes
Target Cells
Phospholipase A2
lysosomal enzyme release
Arachidonic acid
lysophosphatides
Protein Activating Factor
Bactericidal activity
Cyclooxygenase 1&2
Lipo-oxygenase
Thromboxanes
Lipoxins
Leukotrienes
Prostaglandins
