ABSTRACT

Sex paraphernalia comprising a platform assembly 7 (Rabbutt™) which has a dildo 11 on one side facing one way and a rabbit 13 on the other side facing the other way, configured so that, when Pants with a crotch opening (Rabbutt Hole Pants™) as disclosed herein, or a strap-on dildo harness, are worn by a lady user with the rabbit side of the assembly inside facing her clitoris and the dildo sticking out through the opening, she may insert the dildo into a partner with the rabbit pleasing her clitoris while she bangs away. Pants may have cutouts for spanking or caressing. Pants may be suitable for outdoor wearing (without the platform assemble) to attract a sex partner who is in-the-know, or to raise questions from others like, what's the hole for? Jackets suitable with Pants may complete the ensemble. Embodiments also lend themselves to a lone lady for masturbation.
